RE: Recommendation Letter for Jonathan and the Sheltair FBO Management, LLC
Team

Dear Mr. Gonzalez,

I have had the opportunity of working with Jonathan Cuesta and the Dade Construction team on various projects. Two of our most recent projects were Flagler Station and Kadre HQ offices. Jonathan and his team worked diligently, efficiently and collaboratively with the design and ownership to execute the project as intended with strict budget and timeline constraints. The team executed and completed successfully the projects mentioned herein, and truly made the process a great experience - were always prepared, organized and proactive, identifying challenges ahead of time and recommending solutions ensuring a continues project workflow.

The success of any project depends in large measure on the team assembled and the team's ability to communicate and work collaboratively towards the goal. Their spirit and dedication was an integral part to the successfully completed projects. With well earned respect, I confidently recommend Jonathan and the Dade Construction team, and would welcome the opportunity to work with them on future construction projects.

Sincerely,

To Whom It May Concern:

I would like to take this opportunity to personally thank Dade Construction and the many members of their team for the excellent job they completed at Flagler Station Fitness Center. Dade Construction has illustrated their attention to quality and eagerness to complete the project correctly and within the allotted schedule.

We found Dade Construction personnel to be knowledgeable, experienced, team oriented and responsive to unique field conditions, and the quality of craftsmanship throughout the project has been excellent. They worked with multiple phases and completion dates for various parts of the project, and their performance was outstanding. Their team was pro-active in strategizing solutions for issues as they arose. We know that they will approach each project with honesty, integrity, and quality.

It will be my pleasure to work with Dade Construction in future projects.

RE: Dade Construction

To whom this may concern,

This letter is to certify that I have worked with Dade Construction since 2013. Our experience with Dade Construction has always been one of quality and consistency, I manage just under 900,000 square feet of space in Weston. Dade has performed substantial tenant improvements in four of the buildings with budgets ranging from \$350,000 to well over three million dollars.

I appreciate how the owner Jonathan Cuesta takes into consideration both the City requirements and our tenants' needs when working at our properties.

The positive rapport Dade Construction has with the City of Weston has allowed us to enjoy a solid working relationship and has made them a great candidate for future work at our properties.

I hope that information is beneficial to your needs, should you have any questions or would like to discuss in greater detail please feel free to contact me at the number located in the top right corner of this letter.

GRADUATE SERVICES MIAMI, INC

To Whom It May Concern,

At Herff Jones/HJ Miami Photo, we have used several builders over the years. Dade Construction has been, by far, the best experience I ever had. Their team communicates constantly and clearly. They return every call or email almost instantly, whether the news is good or bad. We never once felt like we were put behind another job.

When we ran into issues due to architectural design and/or county permits, they picked up the ball and ran with it. Their employees go above and beyond when it comes to getting the job done. They understand urgency and customer service.

I will definitely be using this company again on our next project. Should you have questions, comments or concerns, please don't hesitate to call us.

Sincerely,

Support Letter for Dade Construction

His House Children's Home is the largest residential campus in the State of Florida with the ability to provide a warm cozy bed and home to 232 children who have been abuse, abandoned or neglected. Since 1989, His House has stabilized and restored the lives of over 20,000 underserved and wounded children. On average, close to 200 children live on campus and call His House home on a daily basis. His House Children's Home is where children can finally begin to heal and have first time positive childhood experiences giving them renewed hope for a brighter future.

Dade Construction, through their ongoing generous donation of time and resources make up an important part of the equation of restoring the lives of children. From renovating our campus with interior/exterior painting projects and landscaping large areas to home renovations of rebuilding closets and building new bathrooms for our children, there is no question that Dade Construction is true champion of children in foster care. These projects are essential for the well-being of our children as their living environment is a big part of the healing process. Please accept my personal invitation to visit us and learn more about these ongoing and unique projects.

Again, I highly recommend Dade Construction to be awarded this project. They will be donating the materials being removed to help us continue to renovate our campus and provide more quality homes for our children.
